£500 monthly
Start your journey to **Next Gen(AI) ERP**

Business Impact

- ✔ Save up to £750/month vs per-user AI tools
- ✔ Cut document search time by 50-70%
- ✔ Speed up document review by 40-60%
- ✔ Reduce training time by 30-40%
- ✔ Start seeing results in weeks, not months

Explore Features for your Business:

Private Business AI Assistant
Transform scattered company information into instant answers. Integrate with SharePoint, Google Drive and more to enhance team decision-making.

Document Comparison
Compare contracts, specifications and requirements. Spot key changes and understand their business impact quickly.

Requirements Analysis
Extract and analyse requirements from documents. Generate responses for tenders and RFPs efficiently.

Database Analytics
Turn business questions into data insights without SQL knowledge. Create visualisations and reports easily. Talk to your data!

… and many more exciting use cases!

Let's make it happen
